Dear Mr. Keyser,

A most unfortunate incident happened on the R72 over the Bushman's Bridge over the weekend. Another vehicle went over the bridge and a person was killed. This is now the second incident involving a death within 2 weeks. The accident involved a municipal employee. We realize that you have not had time to attend to the issue since our letter dated 1<sup>st</sup> August, 2006 but hope that our requests will now be given urgent attention.

The safety issue over the bridge has now become paramount and the matter of deterring speed needs to be looked into urgently. We would suggest a set of rumble strips on both sides of the bridge and a permanent camera with additional safety signs.

We thank you for your consideration of these matters and look forward to hearing from you. If you need any assistance in locating the areas mentioned please do contact us.

Yours faithfully,

Johann Smuts  
Chairman BRM Ratepayers Association.
