Dear Mr. Keyser,

In our last letter dated 7th August, 2006 we omitted to mention the rather serious position on the R72 regarding the safety rails on the bridges over the Bushman's and Kariega Rivers. The rails are missing on the northern side where the last accident occurred on the Bushman's River and on the bridge over the Kariega River, also on the northern side.

Something on a positive note is the improvement in the R72 to Port Alfred. It has been appreciated by the public. We enclose a newspaper clipping expressing appreciation of the improvements.

Yours faithfully

Yours faithfully,

Johann Smuts
Chairman BRM Ratepayers Association.
