## Why Not Join Estuary Care?

Estuary Care is a forum that was established to assist in the preservation and conservation of the Bushman's and Kariega Rivers, beaches and adjacent areas.

### GOALS:

1. To promote the Bushmans Kariega complex actively via tourism agencies and operators
2. To protect the natural resources by promoting and planning integrated development
3. To maintain, rehabilitate and enhance the aesthetic quality of the estuary ecosystem
4. To educate the populace on the value, function and sustainable use of the complex

An organisation such as this requires support from all interested parties. If you are interested or concerned, please show your support by joining us. Membership is open to all interested individuals. An application form is included on the reverse side of this letter.

We would be most grateful for your e mail address. We plan to keep our members in touch via a news letter when ever we have news or views to share or invite members to air their opinions on a subject.

For further details or enquiries contact our secretary Dorothy: at [hcresthouse@xsinet.co.za](mailto:hcresthouse@xsinet.co.za)
